

SIDDHU KAMBLE

Full Stack Java Developer

+91 75173 60482 | siddk380@gmail.com | github.com/SiddhuK45 | Kharadi, Pune — 411 052

PROFESSIONAL SUMMARY

Java Full Stack Developer with knowledge of Java, Spring Boot, Hibernate, React.js, MySQL, JDBC, JSP and Servlets. Experienced in developing web applications, implementing CRUD operations, user authentication and database-driven solutions. Familiar with REST APIs, MVC Architecture, Git and GitHub. Strong understanding of Object-Oriented Programming (OOP) and responsive web development. Seeking an entry-level software development role to apply technical skills, problem-solving abilities and contribute to organizational growth.

TECHNICAL SKILLS

Languages	Java (Core & Advanced), JavaScript
Backend	Spring Boot, Spring MVC, Spring Framework, Hibernate ORM, JDBC, Servlet, JSP
Frontend	React.js, HTML, CSS, Bootstrap, JavaScript
Database	MySQL
Concepts	OOP, Collections Framework, Exception Handling, Multithreading, REST APIs
Tools & IDEs	VS Code, Eclipse, Sublime Text, Git, GitHub, Postman

PROJECTS

Student Management System — Full Stack CRUD Application

Tech Stack: Java, Spring Boot, React.js, MySQL, HTML, CSS, JavaScript, REST API

- Developed a full-stack student records management system using React.js frontend and Spring Boot REST API backend, implementing CRUD operations, user authentication and MySQL database integration.
- Built a student management system using React.js, Spring Boot and MySQL, implementing CRUD operations, user authentication and efficient data management through REST APIs.
- Designed and integrated a MySQL database for efficient storage, retrieval, update and management of student records in a Spring Boot application.
- Built responsive React.js components and integrated them with the Spring Boot backend to perform CRUD operations and display student data.

Online Furniture Store — E-Commerce Web Application

Tech Stack: Java, Hibernate, MySQL, HTML, CSS, JavaScript

- Built an online furniture store application using Java, Hibernate ORM, MySQL, HTML, CSS and JavaScript, enabling product management, customer registration and database-driven operations.
- Developed database-driven features for product listing, customer information management and data persistence using Hibernate ORM and MySQL.
- Implemented database operations using Hibernate ORM and MySQL to perform efficient data storage, retrieval, update and deletion.

EDUCATION

M.Sc Computer Science	— Dr. Ghali College, Gadhinglaj	2024 – 2026
B.Sc Computer Science	— Ajara Mahavidyalaya, Ajara	2020 – 2023

CERTIFICATIONS

Full Stack Java Developer Certification – TechRel Institute, Pune

- Covered Java, Spring Boot, Hibernate, MySQL, HTML, CSS, JavaScript and React.js.
